Have you been upstairs to the Young Adult area of the Library?

We have some fantastic Books and Movies in our collection.

What is a Young Adult?

I looked into the Dictionary and Wikipedia for a description. They were more likely to state how the definition “varies”.

Youth is the time of life when one is young, and often means the time between childhood and adulthood (maturity). It is also defined as "the appearance, freshness, vigor, spirit, etc., characteristic of one who is young".

Its definitions of a specific age range varies, as youth is not defined chronologically as a stage that can be tied to specific age ranges.

So many Possibilities!

I am excited to be a part of this area and look forward to what we can do together!

Your input is valuable!
